Our company is an importer of cleaning tools and equipment, based in the industrial area of Sindos near Thessaloniki.

We have quality products available on the Greek market, which we import directly from abroad while simultaneously developing our own product design in collaboration with large foreign factories.

In our owned facilities (2,000 m^2), our company maintains ready-to-deliver quantities of goods, thus ensuring immediate service to its customers.

With our many years of experience and continuous research of the international market, we manage to offer high quality products at very reasonable prices.
